FOREWORD

This Michigan Uniform Crime Report is being published for the 21st consecutive year and although major emphasis is directed toward benefiting law enforcement agencies, our efforts are also concerned with providing legislators, planners, educators and other interested citizens with reliable data concerning crime patterns and trends.

This was a landmark year for the National Crime Reporting Program in that Congress passed unprecedented legislation mandating the Federal Bureau of Investigation to collect arson offense data. The Michigan UCR program has collected arson offense data (as a "Non-Index" Crime) since 1968, and we support this congressional mandate to the National Program. Arson is delineated in both statistical and graphically displayed areas of this report where "Non-Index" crimes are characterized.

The format of this year's report is virtually identical with that of last year's. This was done to add stability to its style, and further to aid its users when making comparisons of previous years data.

We wish to commend the 570 contributing law enforcement agencies for their support of this program, and we are confident that by working together we will continue to effectively serve the people of Michigan.

Gerald Hough

COL. GERALD L. HOUGH, Director

Michigan State Police

ACT 319

PUBLIC ACTS 1968

AN ACT to provide a uniform crime reporting system; to provide for the submitting of such report to the department of state police; to require submission of the report by certain police agencies; to require the reporting on wanted persons and stolen vehicles; and to vest the director of the department of state police with the authority to prescribe the reporting form and its content.

The People of the State of Michigan enact:

Sec. 1. The police department of each city or village, any duly constituted police department of a township, and the sheriff's department of each county, once each month upon a date and form prescribed and furnished by the director of the department of state police, shall forward to the department of state police a crime report. Each reporting department shall report only on cases within its jurisdiction and upon which it is making, or has made, the primary police investigation. The report shall be called the uniform crime report and shall cover crimes reported and otherwise processed during the month preceding the month of the report. It shall contain the number and nature of offenses committed, the disposition of such offenses and such other information as the director of state police shall specify relating to the method, frequency, cause and prevention of crime. Under no circumstances shall the name of any person be reported.

Sec. 2. Upon receipt of the monthly uniform crime reports from the reporting agencies, the department of state police shall prepare a statewide compilation of the statistics contained therein and the resulting statistical compilation shall be available to any governmental law enforcement agency in the state, the judiciary committees of the Michigan state senate and the Michigan state house of representatives, and the federal bureau of investigation, upon request. The statistics made available through the uniform crime report shall be used for the purpose of studying the causes, trends and effects of crime in this state and for intelligence upon which to base a more sound program of crime detection and prevention and the apprehension of criminals.

Sec. 3. Any governmental police agency, not falling within the description of those required to submit the monthly uniform crime report set forth in section 1, which desires to submit such a report, shall be furnished with the proper forms by the department of state police. When a report is received by the department of state police from a governmental police agency not required to make such report, the information contained therein shall be included within the monthly compilation provided for in section 2.

Sec. 4. The chief of police of each city or village and of each township having a police department, and the sheriff of each county within this state, shall report to the department of state police, in a manner prescribed by the department, all persons wanted by, and all vehicles stolen from, their primary police jurisdictions. The report shall be made as soon as is practical after the investigating department either ascertains that a vehicle is stolen or obtains a warrant for an individual's arrest or determines that they have reasonable grounds to believe that the individual committed a crime. In no case shall this time exceed 12 hours after the reporting agency determines that it has grounds to believe that a vehicle was stolen or that the wanted person should be arrested.

Sec. 5. When at any time after making a report required by section 4 it is determined by the reporting agency that a person is no longer wanted because of his apprehension, or any other factor, and when a vehicle reported stolen under section 4 is recovered, the chief of police or sheriff of the reporting agency shall immediately notify the department of state police in a manner prescribed by the department.

Sec. 6. The provisions of this act do not apply to misdemeanor traffic cases or to persons wanted for misdemeanor traffic offenses, or for the violation of any city, village or township ordinance. The provisions of this act shall not be construed to in any way affect existing or future laws and procedures governing the reporting of persons wanted for traffic law violations or for the violation of city, village or township ordinances.

This act is ordered to take immediate effect.

THE MICHIGAN UNIFORM CRIME REPORTING SYSTEM

Michigan began its program to collect crime statistics from around the State in 1959 when the State Police requested each police and sheriff's agency to voluntarily submit crime data to its headquarters for purposes of forming the report. The number of participating agencies was rather small in the beginning, with participants tending to be in the larger departments. Enactment of Michigan Public Act 319 of 1968 greatly spurred the growth of the program by making the submission of the data mandatory. Smaller agencies began to increase participation since that time, and the data in this volume represents activity reported by 525 agencies.

Before using this report, it may be helpful to the reader to review the following general information regarding the UCR System:

(1) The crime figures presented in this issue are "police statistics" and are distinguished in this manner so that they are not confused with judicial or penal statistics.

(2) Crimes reported represent violations of Michigan statutes and local ordinances.

(3) Each reporting agency counts only those crimes or arrests for crimes committed within its jurisdiction.

(4) Offenses reported to the police are divided into Index and Non-Index offenses as outlined below.

(5) Offenses are compiled at the end of the month during which they became known. The police may become aware of the crime in several ways: reports of police officers, citizens' complaints, notification from the prosecuting attorney, court officials, or in some other manner.

(6) Offenses are included without regard to a) age of offender, b) value of property involved, c) recovery of stolen property, d) arrests, or e) action by prosecution.

(7) Complaints that are found by the police to be unfounded are not included in the crime tables even though as much time is often consumed on verification of the offense as there is in a solution.

Interpretation of the meaning of the terms "Index" and "Non-Index" crimes can be aided by a review of the following brief listing of general crimes included in each category:

INDEX OFFENSES

(1) Murder and Non-negligent Manslaughter - includes all willful felonious homicides, as distinguished from deaths caused by negligence.

(2) Rape - includes forcible rape, assault to rape, and attempted rape.

(3) Robbery - includes the stealing or taking away of anything of value from a person by force or violence; or through fear, such as strongarm holdups, stick-ups, and robbery armed. Includes assault to rob and attempts to rob.

(4) Aggravated Assault - includes assault with intent to kill, assault by shooting, cutting, stabbing, maiming, poisoning, scalding, or by the use of acids.

(5) Burglary-Breaking & Entering - includes burglary, housebreaking, safecracking, or any unlawful entry to commit a felony or a theft, even though no force was used to gain entrance. Includes attempted burglary.

(6) Larceny-Theft (except Auto Theft) - does not include con games, embezzlement, fraud, etc.

(7) Auto Theft - includes all cases where a motor vehicle is stolen or driven away, including so-called joyriding thefts.

NON-INDEX OFFENSES

(8) Arson - includes willful fire setting.*

(9) Negligent Manslaughter - includes deaths which police investigation establishes as primarily caused by gross negligence.

(10) Other Assaults - includes all assaults and attempted assaults which are not of an aggravated nature (see item #4 above).

(11) Forgery & Counterfeiting - includes offenses dealing with making, altering, uttering or possessing forged documents.

(12) Fraud - deals with making, altering, presenting, advertising, converting, and obtaining money under false pretenses.

(13) Embezzlement - includes all offenses of embezzlement and conversion.

(14) Stolen Property - includes buying, receiving, possessing, and attempts.

(15) Vandalism - includes malicious destruction.

(16) Weapons (carrying, possessing) - includes all violations of firearm registrations.

(17) Prostitution & Commercialized Vice - includes sex offenses of a commercialized nature, and attempts.

(18) Sex Offenses (other than items 2 and 17 above) - includes all offenses against chastity, common decency, morals and the like. Includes attempts.

(19) Drug Laws - includes all offenses of possession and unlawful use, sale, or distribution of controlled substances.

(20) Gambling - includes offenses of promoting, permitting or engaging in gambling.

(21) Offenses Against Family & Children - includes nonsupport, desertion, neglect, and abuse.

(22) Driving Under the Influence - includes driving under influence of alcoholic beverages and drugs.

(23) Liquor Laws - includes all violations of the liquor laws except driving under the influence, and drunkenness.

(24) Drunkenness - includes drunk and disorderly and common drunkenness.

(25) Disorderly Conduct - includes all offenses committing a breach of the peace.

(26) Vagrancy - includes all offenses of vagabonds, beggars, loiterers, etc.

(27) All Other Offenses - includes all violations of state and local law not listed above.

The same categories are used for arrests as for offenses, although subcategories are added for robbery, assault, burglary, and larceny offenses to provide a more detailed look at these items.

Complete descriptions of the offenses included in each of the above categories are contained in the Michigan Uniform Crime Reporting Handbook.

---

*Arson was legislated into Index Status during 1979, but is characterized in this report as a Non-Index crime.

1979 MICHIGAN CRIME IN A NUTSHELL

Total crime increased a substantial 10% in 1979 compared to an increase in 1978 of only 2%. The crime rate for total crime was 13,114 crimes per 100,000 population, or one reported crime for every eight Michigan residents.

Index crime also increased 10% in 1979, which is in contrast to a 2% decrease in 1978. The largest increase in index crime appears in the classification of Motor Vehicle Theft at 15%, but substantial increases can also be seen in the crimes of Rape and Larceny at 13% and 12% respectively. Decreases in specific index crimes can be observed in Murder at 6% and Robbery at .1%. The index crime rate was 6,167 crimes per 100,000 population, or one reported index crime for every sixteen Michigan residents.

Although both Urban and Rural areas showed notable increases in index crimes, Rural index crime increased at twice the rate of Urban index crime; 16% increase for Rural compared to 8% for Urban.

Total arrest for 1979 decreased by 2% compared to an 11% decrease in 1978. Juveniles accounted for 19% of those arrested.

Geographically, Michigan's 10% increase for index crime was greater than the 7% increase reported for the North Central Region, and it was also greater than the 8% increase recorded for the Nation.

MICHIGAN

Michigan is 456 miles long, 386 miles wide, and its 58,216 square miles of land area place it twenty-third largest among the 50 states. Its two peninsulas are divided into 83 counties, and the U.S. Census Bureau indicates its 1975 population to be 9,116,699.

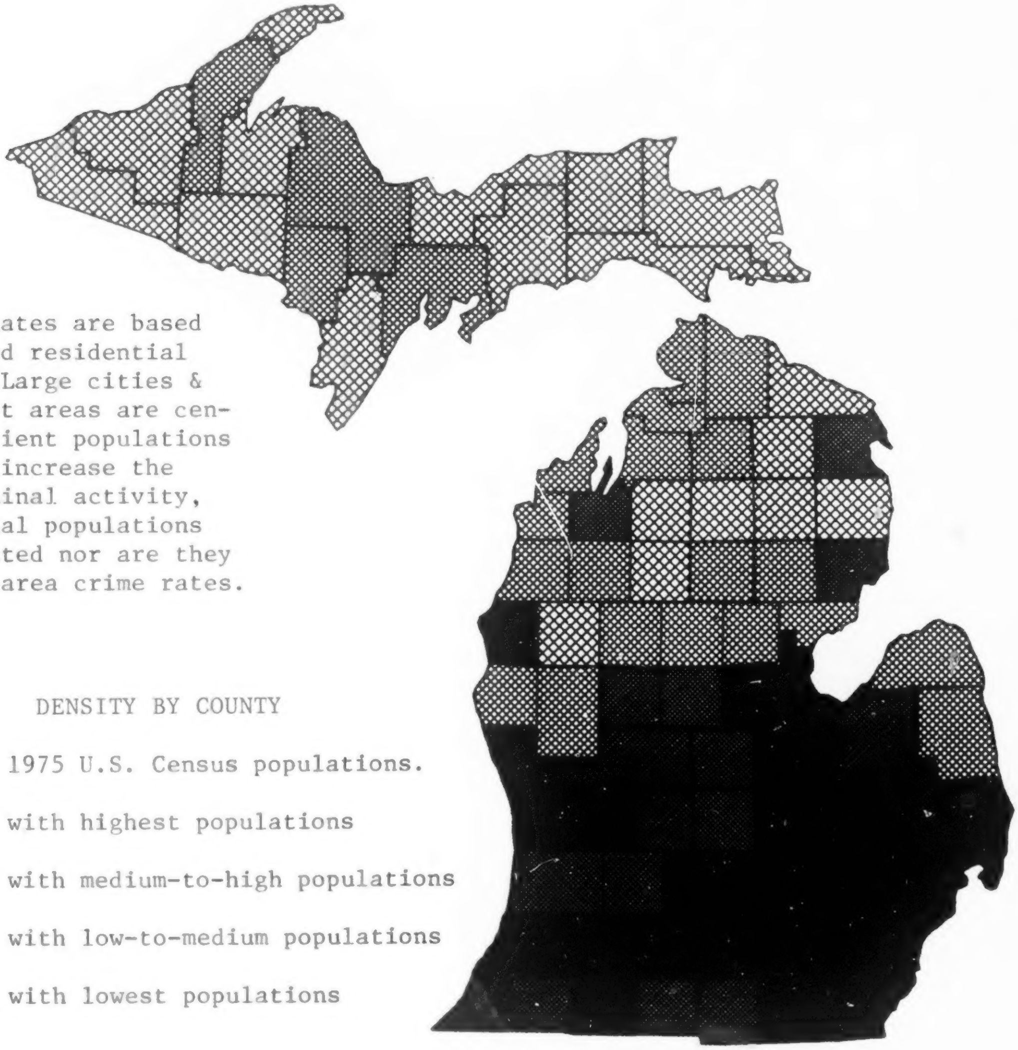
POPULATION DENSITY

Michigan's population distribution is characterized by dense concentrations in the south and sparseness in the north. Nearly half of the State's total population is clustered in southeast Michigan. Other metropolitan areas are located along major interstate highways I-94, I-96, and I-75.



NOTE: Crime rates are based on census-fixed residential populations. Large cities & certain tourist areas are centers for transient populations which tend to increase the amount of criminal activity, but such special populations are not estimated nor are they computed into area crime rates.

DENSITY BY COUNTY

Based on 1975 U.S. Census populations.

POPULATION PYRAMIDS

A population pyramid is intended to graphically show the distribution of persons by age and sex. The theoretical pyramid to the left shows an equal number of males and females with fewer individuals in each successive age cohort. Each bar shows the percent of the total in that age cohort, male and female, and the total of all the bars is 100%.

The MICHIGAN population characteristics pyramid shows the decline in births that began in the 60's. The birthrates from 1930 to 1939 show up in the cohorts for the 35-44 age groups.

The last pyramid shows the characteristics of Michigan's 1979 Total Arrests. When compared to the population for the State, we see that the female cohorts are less for every group, and that males between the ages 10 through 29 constitute the majority of arrestees.
